Re: Propaganda, and Lies from Hattie Montgomery's letter

---

Dear Tribal Council,

It has been brought to my attention that Hattie Montgomery has been spreading her propaganda again to the community about supposedly Morning Star wrote a letter to one of us confessing that she is guilty in the Casino Robbery and she paid some of us to protect her at the Tribal Council table, which not of us did ever make claim like that but that reminds me that either the dissenrollment issue or elections are coming up and that is when we see the ugly head comes rearing out of the cess pool cave it dwells in and makes such outrageous claims like this one. If I remember correctly three things is that Morning Star as of today plead not guilty, two Morning Star spells her name correctly by Hishkama, the letter was signed Hiskama, and three the Shasta County Sheriffs Office did such a good job of recovering all the cash Where was the cut supposed to come from? Hattie next time have your best Buddy, the Tribal Officer who is helping you to write up lies about us proof read your letters. One mistake that you and that Officer forgot one thing I, or my family never has been in trouble for stealing, or taking some thing that doesn't belong to us) and next time proof read your

on our behalf to counter act the false accusations that Hattie wrote, and the Chairman submitted to the Newspaper. Now lesson number one Do Not write lies on paper and hand them out to

people because its called defamation of character without true facts, two to slander a person to cause them harm is against the law, three Hattie when you handed the letters out to people especially in the Pit River Health waiting room, and the Even Start program make sure you have no witnesses!!!! I wanted the Tribal Council to hear the real facts not the lies that Hattie are spreading around in the community. But Hattie and her partners in crime try and hurt innocent people like me, and my family and instead they hurt themselves I feel sorry for these kinds of people. But again and I am not going to sit back and let it happen. I am currently working on my newsletter and I am going to let all of my 367 people know in the Ajumawi Band know what their Tribal Council has to go through from those kind of people. Those people might think that they will have the last laugh but I will when I take them to court for slander, and harassment because that is what Hattie, and her BFF does constantly to my family. I can imagine if these people get put in as Tribal Council they have a pill popping fest at the table and then we will have to make excuses like we do now and basically say oops they are having a senior moment.

Thanks for listening to my side of the story, my buddy Deputy Mike Matheson told Matt, and I, just hang in their and don't stoop to those peoples levels, times like this it really

is hard not to and I am just a lowly human being who believes in do not steal, or cheat but to work for your living don't live off people and especially don't and try to hurt people, but I have been hurt by those peoples lies and it has to stop and I am going to do my best to make those steps to make sure no one can do this again to my family.

Thank you,

Sharon Elmore, Ajumawi Tribal Council Alternate

P.s. The letter was analyzed by a professional and he looked at Hattie's handwriting on her letter to the Council about the Shadley's and it matched the sorry letter that Hattie wrote on behalf Morning Star. Hattie I know your BFF's are going to give you this letter be prepared to Hand over \$5000.00, to me for defamation of character. Thank for being so naïve.
